EDUCATION

University of Arizona, Eller College of Management

Arizona, USA

Bachelor of Business Administration; Graduated Cum Laude

Jun 2023 – Dec 2025

- GPA 3.55 / 4.00. Dean's List with Distinction (Summer 2024); Dean's List (Spring 2024, Fall 2025).
- Relevant coursework: Project Management (PMBOK Guide), Innovation Principles, Design Thinking.

Universidad Peruana de Ciencias Aplicadas (UPC)

Lima, Perú

Bachelor in International Business Administration; Top 5% of class

2021 – Present

- Final semester; expected graduation 2026. Relevant coursework: International Trade Management, Global Supply Chain, Corporate Governance.

EXPERIENCE

Veritas Prime LATAM & Caribe (SAP Gold Partner)

Lima, Perú

Process Reengineering Associate Analyst

Feb 2026 – Present

- Appointed to a newly-created position after prior AI-powered products delivered measurable adoption; own the internal product roadmap for AI-enabled tools across Consulting and AMS delivery operations.
- Founded and lead the Process Automation Office (PAO) as a product function: defined the discovery process, prioritization framework, and AUTO-000 documentation standard; shipped 7+ production products (AUTO-006 to AUTO-013) serving LATAM delivery teams.
- Functional Lead across three concurrent products under the **Avengers Initiative** — the Data Toolkit (consultant-facing data tooling), the MCP server for SAP SuccessFactors, and Smartsheet delivery automation — authoring functional specs and acceptance criteria, and owning the validation loop between delivery consultants and the VP Labs engineering team.
- Drove change management and enablement through 2 AI Literacy programs (Mar–Apr 2026) plus the Corporate AI Flight Manual; co-designed security and data-classification guardrails with IT stakeholders to unlock enterprise adoption.

Prime Associate Project Coordinator

Sept 2025 – Feb 2026

- Owned end-to-end delivery of the Smartsheet Workspace Configuration product (17-step automated setup; Google Apps Script backend + HTML frontend), saving ~2 billable hours per client implementation.
- Partnered cross-functionally with Project Managers, consulting teams, and clients to gather requirements, validate user stories, and prioritize the backlog for internal delivery tooling.

Prime Associate Member

Apr 2025 – Dec 2025

- Identified recurring manual pain points through user research with consultants; shipped automation MVPs (Gmail-to-Smartsheet vacation reports, Sheets-to-Smartsheet migration, hours report generator) that reclaimed ~6 hours/week per user.
- Established the PAO template pattern (AUTO-000) — adopted LATAM-wide as the standard for product documentation, onboarding, and handover of internal automations.

KeyStock Perú

Lima, Perú

Founder & B2B Wholesale Supplier

2024 – Present

- Validated an underserved locksmith and auto-shop segment through customer discovery; launched a B2B wholesale line of automotive key shells sourced from Chinese manufacturers (KEYDIY, Xhorse).
- Defined the go-to-market strategy including pricing structure, distribution model, and brand identity; executed landed-cost analysis under Peruvian customs regulations.

The Focus Club (Apparel Brand)

Lima, Perú

- Achieved 30% operating margin through strategic pricing, SKU curation, and inventory management across two seasonal collections.
- Led end-to-end product operations including financial modeling in Excel, supplier sourcing, and direct-to-consumer sales strategy.

SELECTED PRODUCTS & INITIATIVES

- **MCP Server for SAP SuccessFactors** — Owned the vision and built a Python-based Model Context Protocol server (8 tools, 24 passing tests) enabling LLM integration with the SAP ecosystem; now part of the Avengers Initiative portfolio.
- **Data Toolkit (Veritas Prime)** — Functional Lead for a consultant-facing data product under the Avengers Initiative; translated business needs into a prioritized functional backlog and acceptance criteria, and validated engineering deliverables before release.
- **SuccessFactors Test Automation — Tricentis Tosca** — Built model-based automated regression-test assets for SAP SuccessFactors configurations, reducing manual QA effort and accelerating release validation on client implementations.
- **Client Onboarding Automation** — Defined the product spec and shipped a Google Apps Script solution auto-provisioning Drive folders, DNA workbooks, and Google Chat spaces for each new client engagement, cutting onboarding setup from hours to minutes.
- **Skills Analytics System (Veritas Prime)** — Led migration of team competency data from Google Sheets to Smartsheet; delivered React/HTML dashboards with SPOF analysis and skill-gap heatmaps enabling executive staffing decisions.

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

- **Núcleo de Apoyo Fiscal (NAF), UPC** — Trained peers on tax and customs compliance (Jul–Dec 2024).
- **Global Supply Chain Management Group, UPC** — Organized logistics-focused student events (Oct–Dec 2024).

SKILLS & CERTIFICATIONS

Product & Delivery: Product discovery, backlog prioritization, stakeholder management, user research, roadmap definition, MVP scoping, change management, agile delivery, requirements gathering, UAT coordination.

Certifications: SAP Certified Associate – Implementation Consultant, SAP SuccessFactors Employee Central Core (2025; recertified 2026); SAP Certified Associate – Project Manager, SAP Activate (2025); Strategic Transformation with AI – Pacífico Business School, Universidad del Pacífico (2026); Claude Code 101 & Claude 101 – Anthropic (2026); Claude Code desde Cero – Coding Latam (2026); Diplomado de Logística y Operaciones (ADEX, 2024); SAP Logistics MM/MM (UNI, 2024); SQL Server & Power BI Bootcamp (Cibertec, 2024); Cambridge FCE.

AI & Automation: Claude Code, Model Context Protocol (MCP), NotebookLM, RAG pipelines, LLM workflow design, enterprise AI adoption frameworks.

Technical: Google Apps Script (OAuth Server-to-Server, Webhooks, Drive/Gmail/Chat/Sheets), Python, React, HTML; Tricentis Tosca (model-based test automation), Smartsheet API, Power BI, SQL Server, Microsoft Project, Excel (advanced).

SAP: SuccessFactors Employee Central Core (certified consultant), SAP Activate methodology, SAP API integration, S/4HANA MM and WM (expert user).

Languages: English – Advanced (Cambridge FCE certified; professional experience in a U.S. corporate setting); Spanish – Native.
